

TRIBULATIONS OF BRICKYARD MAN

**Brings Negro Laborers From South
and Pays Transportation—Today
Nine of Crew Decide They Prefer
Work Elsewhere—What Happens
Afterward.**

Rose's brickyard at East Kingston was minus nine expected laborers this morning, and that led to the roundup of the nine missing would-be workers on a charge of defrauding the brickyard boarding house out of a night's lodging which included supper and breakfast. Mr. Rose paid a hurried call to the justice of the peace at East Kingston and obtained a warrant, and placed it in the hands of Sergeant Hanley, of the local police force.

Sergeant Hanley found the nine negroes at the West Shore railroad station, and with the help of some other members of the force rounded them up and walked them to the city hall, where they were later turned over to Sheriff Smith, and this afternoon taken before a justice of the peace at East Kingston.

The facts in the case as developed were briefly that a crew of negro laborers were brought up from the south to work on the brickyard. This is the custom on all of the local brickyards. The crew had their transportation paid to Kingston from Baltimore, and Thursday evening they were safely lodged in the boarding house on the brickyard.

They agreed to pay board at the rate of \$8.50 a week. They had their supper, and also their breakfast this morning. Then nine of them decided they did not care to work on the brickyard this summer and came to Kingston expecting to leave by train for some other scene of labor.

The nine who decided that brick yards did not agree with them were: Robert Evans, B. Bland, J. Knox, Mickey Croan, Fletcher Holmes, Frank Croson, William Carpenter, A. Walker and L. Moody.

The specific charge lodged against all nine is not paying \$1.50 each for their night's lodging at the brickyard boarding house. It was expected that if they were willing to go to work and earn enough to pay their bills, they would be allowed to open a bank account and to have their board there.

LUTHERANS TO CONVENE HERE

The annual convention of the Evangelical Lutheran Ministerium of the State of New York and adjacent states, will be held at the Spring Street German Lutheran Church June 7-11. The ministerium is the second oldest Lutheran Synod in America, organized 1786 in the First Lutheran Church at Albany, N. Y., and is one of the 45 synods of the United Lutheran Church in America. The ministerium has 154 pastors and 139 congregations. A large delegation is expected. The Trinity Church will provide entertainment during the convention to missionaries of synod, candidates and ministers not serving congregations. The others have to arrange for their own entertainment in the hotels of the city.

"NICKY" MAY GIVE SELF UP TODAY

By Telegram to The Freeman.
New York, May 14.—Federal investigation of the \$5,000,000 bond theft plot centered today on the reported flight of a former Cleveland politician to Europe with \$100,000 worth of stolen securities. The Cleveland, a former city employee, is said to have fled shortly after a mysterious visit from "Nicky" Arnstein, the elusive "master mind."

The fugitive politician, it is declared, was known as a "boss" in political circles and held a city position of responsibility some time ago. Assistant District Attorney Dooling and Saul Myers, attorney for the surety company interested in Arnstein affairs, questioned witnesses today in an effort to learn more of the Cleveland man's activities.

Arnststein's capture or delivery to the police was again predicted today by Attorney Myers. He said the fugitive would surrender before night "without fail."

Shiels and Goselin Bay Hotel.
James D. Shiels, for years proprietor of the well known Lackawack House, and brother-in-law, Fred Goselin, Newburgh, bought the New Orange Hotel at Goshon last week, at auction. They paid \$10,000 for the hotel and \$7,000 for the furnishings. They will take possession at once. Mr. Goselin ran the Central House at Liberty for several years, and later the St. Nicholas Hotel at Walden. With he sold several months ago. The new proprietors are experienced hotel men and should make a success of the New Orange if anyone can.

Barrenness Evidently.
"Everything comes to him who waits," is an old saying, and D. J. DuBois of New Paltz can testify to the truth of that saying. On December 23, 1918, C. V. L. Philis & Son, of 514 Wall street, mailed a pair of eyeglasses to Mr. DuBois from Kingston, and they arrived on April 12, 1920.

VAMPS OF THE DAY

American Shoe and French Slipper in the Limelight.

Present Conflict Bids Fair to Result That of the Long and Short Skirt.

The war between the long-vamp American shoe and the stubby little French slipper, which makes the foot appear so small, wages quite as fierce as did last season's conflict between the long skirt of American origin and the short French one, the outcome of which was a happy compromise. As in the case of the skirt, so it is with the shoes. The French last has been so modified by our American shoemakers as to prove a real rival to the long, slender shoe.

Never has the vogue for fancy footgear been so marked as it is at the present time and never have prices been so high. The vanity of the French woman seems to culminate in her footgear. The very short skirts which continue to be fashionable seemingly afford the excuse for this wild extravagance in dressing the foot.

Stockings and shoes of almost prices quality, exquisite design and delicate perishability make up what appears to be the most important detail of the fashionable toilette. These novelty shoes are all in low-cut design to show the stockings and the neatly turned ankles. Every one has its buckle or its strap, which in turn is elaborated with a buckle or other

New Shoes and Stockings That Have Just Arrived From Paris.

form of ornamentation. The instep and ankle strap and the highly decorated tongue effect afford the designers of footwear three distinct methods for the variation of their models.

NEW THINGS IN MILLINERY

Wide Variety of Straws to Be Used in Sport Hats for Spring and Summer.

A wide variety of straws will be seen in the sport hats for the coming season, according to the bulletin of the Royal Millinery Association of America. The bulletin says that the large Japanese weave which was so much used last spring will no doubt come in for some prominence, and goes on: "Most of the straw hats are combined with sport silks in the facings, bands or crowns. This gives a soft effect that is always pretty. Raffia bodies have a cool future, and in the chain link type make good looking hats."

"All agree that this is going to be a blizzar sport season than ever. The new brilliant colors lend allure to this type of costume, and the large silk manufacturers have been making special endeavor to turn out a lovely line of sport silk. These, too, will be made into sport hats."

"It looks as though this is going to be a good season for pedala straw. It stands out prominently among the sport straws, and has been seen in any number of smart large beach hats. It is well as in the small tailored types. Fancy sport straw will no doubt be very fashionable this summer. A combination of straw and wool makes a lovely blend when worked up in soft pastel colors. Forcaine straw is used not only for tailored suits, but sport models as well, and is also seen in some splendid bandied hats. This straw is usually highly shellacked, and used both in narrow and wide weaves."

Flowers in Spring. There is a good deal of talk about the quantities of flowers that will be used in the hats of this season, and as the wide-brimmed hat promises to be in high favor there is every reason to believe that masses of flowers will be the popular trimmings chosen to go with them.

Nature's Stern Law. Achievement of whatever kind is the crown of effort, the diadem of ambition. By the aid of self-control, resolution, purity, righteousness, and well directed thought a man ascends, by the aid of humility, industry, discipline, endurance, and confusion of thought a man descends.—Allen.

GOOD MORNING!

Did You Sleep Soundly?

You didn't? What can the matter be?

Of course, you sleep with windows wide open. One is very old fashioned who doesn't.

And your health fine? Then, it must be

Your Bed?

Your Spring?

Or Your Mattress?

Sound sleep means better health, better work, and better play. But if the bed squeaks, the spring sags, or the mattress lumps, sound restful sleep is impossible.

Bring in your troubles—we can fix you up fine.

VETOES HIGHWAY CLAIMS BILL

In Memorandum on Walton Bill Governor Smith Says, But Two Out of Three Armstrong & Trowbridge Contracts Might Go Before Court of Claims—Can't Separate Items, He Disapproves All.

By Telegram to The Freeman. Albany, May 14.—(Special.)—Governor Smith has vetoed the bill by Senator Walton which would authorize the state court of claims to hear the claims of John S. Armstrong and Dory B. Trowbridge against the state because of the increased cost of labor and material in connection with highway construction work in Sullivan, Orange and Ulster counties. In memorandum accompanying the veto, the governor says: "This bill is intended to have the court of claims pass on the alleged claim of Armstrong & Trowbridge for contracts on the state highways. The bill purports to bring three specific contracts under the provisions of chapter 459 of the laws of 1919. It is certified to me by the highway department that only two of such contracts could, under any circumstances, be brought under the aforesaid chapter. To allow the claimant to go before the court of claims on the other highway, not under the provisions of the law, would open the door for a large number of contracts which were completed under the same circumstances and which would be equally entitled to be considered by the court of claims, if this one were to be so considered. "It being impossible to separate the items in the bill, I am, therefore, compelled to disapprove of them all. "The bill is therefore disapproved."

**WORK AND PLAY
AT CAMP OZONE**

Berry Picking to be Combined With
Healthful Recreation by Y. M. C.
A. on Highland Farm at Highland
June 28 to July 17—The Plan in
Detail.

The Kingston Y. M. C. A. will conduct a berry picking camp this summer on the large fruit farm of L. G. Haviland at Highland. This will be the third season of such a camp. The campers will live in tents, sleeping on double-deck canvas cots which are comfortable and sanitary. Each tent will accommodate eight boys. The camp will be in charge of Thomas A. Bridges, boys' work secretary, and Physical Director Norman A. Dillinger, of the local association.

The name of the camp is Camp Ozone and the tents will be pitched in an orchard and will be so situated that there will be an abundance of shade and sunshine. A large mess tent accommodating all the campers at one sitting for meals will also be used on rainy days as a reading tent and for the use of games and get-togethers at different times.

The object of the camp is to provide a safe, healthful and helpful vacation for the boys of the city. The majority of boys want to go to camp but can not afford to pay for a distinctly pleasure camp, so this opportunity to camp and at the same time earn some money is given to the boys. The camp opens on June 23 and closes on July 17.

Camp Ozone will not be all recreation nor is it all work. The boys will rise at 6:30 o'clock in the morning and turn out in front of their tents in pajamas and other "evening dress" for a five minutes wake-up drill. After dressing in old clothes, taking a good wash in fresh cool water and attending to a few camp necessities he will sit down to breakfast.

At 7:30 o'clock he makes ready for his day's work which will consist in picking raspberries and currants on the farm where the camp is located. The work is neither hard nor heavy, and he is paid according to the work he does. The faster he works the more he will receive. The boys are paid at the same rate as the men who are picking so the amount he earns depends on the amount he picks. Awards are offered for the highest amount of berries gathered in a given time.

After the day's work, which ends at 4:30 or 5 o'clock, the boys clean up and have the balance of the day for recreation. The long twilight evenings will afford plenty of time for recreation and for each evening is planned a series of activities which appeal to boys. Camp fires are always looked forward to with pleasure. The boys sit around the glowing embers and sing songs, tell stories and roast marshmallows and have a social time. The retiring signal is given at 9 o'clock and the signal for lights out at 9:30 o'clock.

Any boy over 12 years of age may register for the camp. Boys who are not already members of the Y. M. C. A. will be required to take out a summer membership which is good for the regular membership privileges from June 1 to October 1, by paying \$1. Further information may be obtained at the Y. M. C. A.

The boys who expect to go to camp should register early. The equipment needed is old clothes to wear in camp and while working. He will also need two heavy blankets or comfortable, small pillow case made of ticking which he can fill with straw, night clothes, underwear, stockings, handkerchiefs, good disposition, soap, tooth brush and paste, towels, good appetite, swimming suit, old shoes, gym suit and sneakers, a large straw hat can be obtained at the village, baseball gloves, writing paper, pencil, comb, brush, needle, thread and a Bible.

There will be plenty of athletics and swimming in addition to the work of picking berries. A full program of sports has been arranged. A large field near the camp affords plenty of opportunity for baseball and a small lake a short distance from the camp makes a fine swimming hole varying in depth from two to seven feet. Special attention will be given to those desiring to learn to swim.

An outline of the usual day in camp is given below:

6:20 Revellie.
6:25 Setting up exercises. Blankets put out to air.
6:55 Flag salute.
7:00 Breakfast.
7:45 Tent inspection, after which boys go to work.
12:00-1:00 Noon.
1:00 Work.
4:20-5:20 Swim.
4:40 Supper.
6:30 Athletics, games, camp fire, etc.
9:00 Tallyon. All boys retire to tents.
9:30 Tallyon. (Lights out—all quiet.)
Sunday revellie one hour later.
Church, Sunday school, letter writing, no work.

What Local Markets Are Getting And Home of The Reason Why Garden Truck Costs More—Good Potatoes Now Around 80.

Although the weather has been cold and there has been much rain, causing a backward spring hereabout, householders have no trouble getting early garden truck in the local markets, although the prices may be considered by them high. The railroad and longshoremen strikes have stopped to a great extent shipments from the southern states but there have been considerable shipments coming through by express which adds to the cost to the ultimate consumer. Home grown asparagus is in the market and sells for from 40 to 50 cents a bunch. It is late as frost nipped off some of the fine beds a few weeks ago. There is hotbed lettuce in the market which brings 10 to 15 cents a good sized stalk. Parsley, home grown, sells for 10 cents a bunch, and green top onions or scallions can be had at from five to seven cents a small bunch. Radishes are five cents a bunch. Rhubarb, which old fashioned people call pie plant sells for five to seven cents for a few stalks, but the high price of sugar makes it a slow seller now. There are new potatoes from Bermuda on sale at from 15 to 18 cents a pound, and at some places they bring higher prices. Old potatoes are hard to get and are quoted at the rate of \$6 a bushel for those that are good. New cabbage sells for from 10 to 15 cents a pound, and corn beef and cabbage is now on the luxury list. Spinach can now be had all over town and brings 15 cents for 4 quarts. New carrots are very scarce. Parsnips sell for 4 to 5 cents a pound, and cucumbers from 8 to 15 cents each. New Bermuda onions are arriving and the sale price varies from 18 to 20 cents the pound, or two pounds for 35 cents. Lemons can be had for 15 cents a dozen. Ulster county apples for 15 cents a pound in some markets and 75 cents a peck in others. Pineapples run from 20 to 30 cents each. This is the season when the thrifty housewife puts down eggs covered with water glass and she pays 10 cents a dozen wholesale or 15 to 50 cents retail. High water and cold weather has had a bad effect on Hudson river shad fishing and the price is high. To get a fresh caught shad costs from 40 to 50 cents the pound, while herring sell for 10 cents a pound. Weakfish can be had for 12 1/2 cents, and butterfish for 15 cents the pound.

Prices vary in different sections of the city on all things and the wise housewife who looks over the advertisements of the many wide-awake marketmen of Kingston in The Freeman today will find that she can purchase her table supplies for Sunday and the coming week at very fair prices.

AT THE THEATERS.

"Male and Female" and "The Admirable Crichton" Draw Well.

"Male and Female," showing at Keeney's tonight and tomorrow, and adapted from "The Admirable Crichton," tells in a vivid and interesting way the rise of the English butler through his own many qualities to virtual rulership of a party of shipwrecked aristocrats and his voluntary renunciation of Lady Mary's hand when civilization is again reached.

"The Crisis," drawing large audiences at the Kingston Opera House yesterday, followed Winston Churchill's book closely throughout and one may live the life of Abraham Lincoln in a few hours right in their own city. There will only be two more performances tonight of their great historical masterpiece.

"Fair and Warmer," starring May Allison, will be presented at the Auditorium tonight. This farce comedy has registered more laughs than the capacity of any meter ever manufactured. Tomorrow Mary Mac Laren in "The Road to Divorce," also "The Invisible Hand."

One of the brilliant theatrical events of the season is promised in A. H. Woods' forthcoming production of "Up in Mabel's Room," the sensational New York farce success which comes to the Kingston Opera House tomorrow matinee and night. "Up in Mabel's Room" is in three acts and is described as a frivolous farce of feminine foibles.

The V. D. Mads Musical Comedy Co., with Jack (Lizz) Van and company, opens a week's engagement at the Orpheum Theater on Monday, May 17. Their opening bill "A Night in a Cabaret," is said to be one of the funniest musical comedies ever written, with special music, scenery and in fact everything that goes to make up a first class musical show. This is an added attraction in conjunction with the Feature Photo Plays, but no advance in prices.

FLATBUSH.

Flatbush, May 12.—Rev. J. R. Stokely was in Albany Monday attending a meeting of ministers, spending the night and Tuesday at Elmere.

The following officers were elected at the annual school meeting, held yesterday. Chairman, Charles Klotz, trustee, C. E. Davis, collector, Arthur Osterwald, clerk. It was voted to raise by tax \$1,500 to pay running expenses, and to purchase one-half acre of land of Mr. John Thomas to enlarge the school grounds.

C. E. Davis has purchased a new home.

The Gallow estate has sold their store property.

LAY'S Saturday Sale

Our policy is to keep business at this market humming all the time, but Saturdays we always endeavor to surpass our previous week's efforts by giving values that are extraordinary, to say the least. All the special food buying advantages we offer for this Saturday are remarkable, despite excessively high wholesale prices. We do not offer "goods below cost," but are satisfied with fractional profits in order to do business with a vim and a dash that attracts crowds and sends them home happy and satisfied with the savings they make on all purchases here Saturdays.

No Call to Interrupt.

My neighbor's wife saw me out in my very old-fashioned. I was cutting off some dead limbs from my tree across the street from her and she was watching me. She called to me and said: "What are you doing?" I answered, "Oh, only cutting some dead branches off. It's all right, isn't it?" She thought a minute and replied, "I guess so; it's your tree."—Exchange.

Oh, what a Jazz is Ted Lewis' Jazz Band's "O"!

JUST as these exclusive Columbia artists seem to have tied themselves into a musical knot in this syncopated fox-trot, introducing "THE VAMP," they extricate themselves by a melodious miracle and jazz merrily on. Coupled with Gorman's Novelty Syncopators' fox-trot "Barkin' Dog."

Early Detected.
A female who recently escaped from an asylum was eventually recaptured in a large dwelling built in the west end. The fact that she was walking steadily and keeping perfect time with the music around the other dancers' attention and led to her capture.—Frank, London.

Tribe to Beethoven.
It has been said that in the works of Ludwig van Beethoven absolute instrumental music has reached its culminating point—a point which further progress seems impossible, not even conceivable. He built where his great predecessors left off. He died March 26, 1827.

Major-General George Q. Squires, chief signal officer, U. S. A., who has announced to the National Academy of Science the discovery of a development that may revolutionize cable communication with Europe and do away with telegraph poles on land. Bare wires laid in the sea, according to General Squires, will be used to transmit messages both by telephone and telegraph, replacing the delicate and expensive submarine cables now required. The discovery will open the way to telephone communication with Europe and it is expected also to be able to talk to China.

My Neighbor

MY NEIGHBOR lets weeds grow in his garden, he lets his house run down, and all his family look patched.

MY NEIGHBOR decides many important things; and he is sure all things would be all right if they were done his way.

MY NEIGHBOR decided long ago that advertising was waste; that he would never read it because he did not want any one to tell him what to buy.

MY NEIGHBOR may be right. The moon may be made of green cheese. But, as I see it,

MY NEIGHBOR is no neighbor of mine; he just lives next door because he was born fifty years too late.

MY NEIGHBOR spends as much money to live poorly as I do to live well. As most of my money goes to meet living expenses, I want all the good things it will bring me.

Advertisements tell me all about these good things. Advertisements give me the opportunity to compare all varieties of the things I would buy. Advertisements help me pick the best for my purpose and my purse.

I will not argue with my neighbor. He may be right; but, personally, I would rather be myself than my neighbor.

I know reading advertisements saves money for me.

Rev. H. Cornford of Kingston will preach at the Methodist Church, Rifton, May 16 at 10:30 a. m. All seats free. A full attendance is de- sired.

Unmindful of the terrified screams of Mrs. Helen Brogley, eighteen-year-old bride, of Newark, N. J., her companions, two men and a woman, left her to die under the burning wreck of an overturned auto, accord- ing to the New York police authori- ties. John Daley, of Long Island City, who operated the car, is being held by the police on charges of driv- ing without a license and running away from an accident without re- porting his name and address. The four had been joy-riding. Daley has admitted, according to the police, that when the accident occurred they lost their heads, because of the fact that the other man in the party, for whom the police are searching, was married, the three hastened off when they saw a number of people run- ning toward the burning car. The tragedy occurred at Queens, Boul- vard and Old Mill Road, Elmhurst.

\$35,000 Is Needed To Continue Essential Work

Seven Organizations Ask The Following Sums:

Benedictine Sanitarium	\$5,000
Industrial Home	\$6,000
Y. M. C. A.	\$8,000
Boy Scouts	\$5,000

Agency for Dependent Children	\$ 800
Girl Scouts	\$ 500
Salvation Army	\$5,000

These figures are subject to thorough study before final approval of the Community Fund.

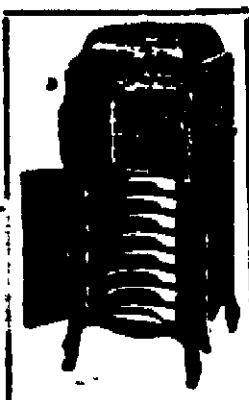

The amounts are based on definite budgets and their totals is slightly less than these organizations received from the War Chest over a similar period of one year.

At a time when Kingston is making steady progress, many existing industries are expanding and new industries are locating here; we surely wish to maintain these established agencies that help the weak and the unfortunate and build virile men and women.
